### PROFESSIONAL EXPERIENCE

#### GRANICUS

##### GIS and Open Data Specialist

January 2015 - Present

Clients include the U.S. Dept. of Health and Human Services, the U.S. Dept. of Veterans Affairs, the State of California, and the governments of Jamaica and St. Lucia in coordination with the World Bank.

Duties include:

- Analyzing data resources hosted on client sites, then designing and building custom chart and map visualizations for data story content.
- Improving the DKAN platform by compiling user stories and feedback and contributing UI/UX analysis and reports to the development team.
- Writing internal and client-facing documentation and user manuals, including much of what is hosted on <http://dkan.readthedocs.io>.
- Performing QA analysis on client sites and tracking and reporting product bugs in Github and JIRA.
- Providing clients with custom software training sessions ranging from live-streamed webinars to daylong in-person presentations.

#### STARTUP INSTITUTE

##### Product and Design Program

October 2014 – December 2014

Completed full-time 10-week boot camp focused on front-end engineering and design-focused product development.

#### PURPOSE

##### Strategist

January 2014 – April 2014

Developed GIS-based social media marketing outreach tactics for a nationally known civil liberties organization.

#### NEW YORK PUBLIC INTEREST RESEARCH GROUP

##### Project Coordinator

August 2013 – January 2014

Taught NYC college students how to build civic leadership skills and tackle issues such as hunger and homelessness within their local communities.

#### TRANSPORTATION ALTERNATIVES

##### Research and Mapping Consultant

June 2012 – December 2012

Utilized ArcGIS and open socioeconomic and transit data to determine NYC communities with a high need for improved bus and subway service.
